Radom, 14.09.2012

Dear Guests!

I am pleased to inform you that the Polish Association of Engineers & Technicians of Transportation Branch Office in Radom, POL-RUS Wielkopolskie Association of the European Co-operation Forum and the Rail Transport Forum (FTS) have the honour to invite you for the 6th time to the Scientific and Technical Conference entitled "**Open Railway Market in Poland - technical, exploitation and legal conditions of operating rail services affected by a low load factor**".

The Conference aims at elaborating on the issues relating to the operations of rail services affected by a low load factor in Poland with special attention paid to safety aspects of traffic on such routs. It is expected that participants of the Conference will include leading experts from the field of rail automation from such countries as Poland, Czech Republic, Germany and Russian Federation.

The organizers of the Conference would like to invite you to the participation in this event as well as to the preparation and delivery of presentations on its subject matter.

To our great satisfaction the honorary patronage over the Conference was assumed by the President of the Office of Rail Transportation, President of the PKP Polish Railway Lines JSC, Director of the Transportation Technical Supervision, Russian Railways, Chairman of the Committee on Transport of the Polish Academy of Sciences and National Rail Section of the Polish Association of Engineers and Technicians of Transportation.

The Conference will be accompanied by the award ceremony of the national competition Rail Transportation Leader 2012 organized by the Rail Transport Forum (FTS) and by the Jubilee of the 60th birth anniversary and presentation of academic achievements of Prof. Efim Rozenberg, PhD (Eng), as well as Prof. Zbigniew Łukasik, PhD (Eng), His Magnificence Rector of the Kazimierz Pulaski University of Technology and Humanities in Radom.

Yours sincerely:

**Chairman of the Committee on Transport of the Polish Academy of Sciences
President of the Polish Association of Engineers & Technicians of Transportation Branch Office in
Radom**

Prof. Janusz Dyduch, PhD (Eng)
